

ACKNOWLEDGEMENTS

Noble 2025: A Community Development Plan for Noble, OK is a product of a joint effort between the city of Noble and the University of Oklahoma. It was prepared under the direction of Gary Hayes, Mayor, and Bob Wade, City Manager.

The University of Oklahoma's Division of Regional and City Planning provided technical assistance through its fall semester 2006 course, RCPL 5525 Comprehensive Regional and City Planning Project. Graduate students from Regional and City Planning and Landscape Architecture enrolled in this course made up the OU Planning Team: Charu Arora, Anupama Buddharaju, Michael Gordon, Iyla Griffin, Anna Jenkins, Casey Jones, Justin Le Beau, Jogi Madhusudhana Rao Lenka, John Mabry, Rama Rao Maduri, Charu Ojha, Donald Parker, Jose Perez, Shelly Shelton and Mary Troyan. The OU Planning Team was directed by Sarah Jo Peterson, Assistant Professor of Regional and City Planning.

A Steering Committee made up of city officials and community members provided valuable assistance and guidance: Tom Paris, David Pitt, Mike Blanton, Carolyn Little, Johnell Jones, Mark Cox, Dr. Greg Kasbaum, Rusty Sullivan, Matt Branstetter, Bob Thompson, Bill Greeson and Chris Hallmark. (See Appendix 2 for more on the role of the Steering Committee.) The Noble Public Schools and the Noble Chamber of Commerce provided additional support. The *Noble 2025* planning process would also like to acknowledge the Oklahoma Biological Survey for the use of the 1871 Land Cover Map and RCPL graduate research assistants Shubha Adhikari and Erin Fay for their assistance.
